

ANGKOR RESOURCES APPOINTS DR. DAVID JOHNSON TO ITS ADVISORY BOARD

GRANDE PRAIRIE, ALBERTA (April 1, 2025): ANGKOR RESOURCES CORP. (TSXV: ANK) (“ANGKOR” OR “THE COMPANY”) is pleased to announce the appointment of Dr. David Johnson to its Advisory Board and as its Qualified Person (QP) on oil and gas projects effective March 24, 2025.

David is a geoscientist with more than 40 years of Global, Canadian Frontier, and Western Canadian exploration and production (E&P) experience covering petroleum, natural gas and helium. In positions of progressive responsibility, David has worked for Shell, Exxon Production Research, ExxonMobil Exploration, Husky Energy, the Kuwait Oil Company, KUFPEC, and has co-founded three public start-ups. Dr. Johnson has executive, business development, operations, geoscience research, and technical E&P experience covering more than 40 petroleum jurisdictions in Europe, Africa, Asia, and the Americas. He has led bid-round acquisitions of more than 20 Production Sharing Agreements (PSA’s) and exploration licenses (EL’s); and made significant discoveries in the South China Sea, the Canadian Frontiers and Western Canada.

David received a BSc in Geology from the University of Calgary, and a PhD in Geological Oceanography from Dalhousie University. He is currently a Director of CITO Acumen with a focus on helium projects, and has a consultancy which provides geoscience and management support on petroleum and natural gas projects. David is a member of APEGA and has served as a Counselor on APEGA’s Board.

Delayne Weeks, CEO of Angkor, noted that “With David’s extensive International and Canadian exploration and production experience as well as his extensive experience as a co-founder of public-companies, director, executive, management, technical, geoscience-research, operations and business development roles, we are more than thrilled to have his expertise joining our team. In addition to his appointment to the Advisory Board, Angkor has engaged David to serve as its Qualified Person on its oil and gas projects and will have him review and approve all technical disclosure on its projects going forward. Dr. David D. Johnson, P.Geo., is a member of The Association of Professional Engineers and Geoscientists of Alberta (APEGA #36247) and a Qualified Person (QP) as defined by National Instrument 51-101 (“NI 51-101”). “

The Company further announces that it has granted Mr. Johnson 500,000 stock options pursuant to its stock option plan. The options will be exercisable for a period of 5 years at an exercise price of \$0.22 and subject to the approval of the TSXV.

ABOUT ANGKOR RESOURCES CORPORATION:

ANGKOR Resources Corp. is a public company, listed on the TSX-Venture Exchange, and is a leading resource optimizer in Cambodia working towards mineral and energy solutions across Canada and Cambodia. ANGKOR's carbon capture and gas conservation project in Saskatchewan, Canada is part of its long-term commitment to Environmental and Social projects and cleaner energy solutions across expanding jurisdictions. The company's mineral subsidiary, Angkor Gold Corp. in Cambodia holds three mineral exploration licenses in Cambodia and its Cambodian energy subsidiary, EnerCam Resources, was granted an onshore oil and gas license of 3729 square kilometers in the southwest quadrant of Cambodia called Block VIII. Since 2022, Angkor's Canadian subsidiary, EnerCam Exploration Ltd., has been involved in gas/carbon capture and oil and gas production in Evesham, Saskatchewan.
